NORTHERN HIDEAWAYS

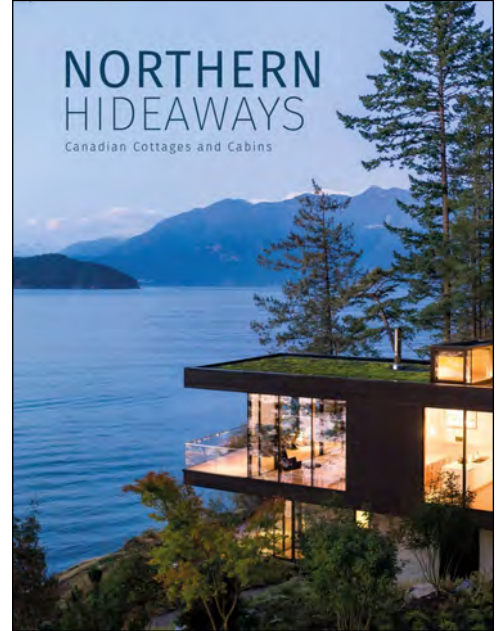

Canadian Cottages and Cabins

It's long been a Canadian tradition to "head to the cottage" for holidays. Across the wide expanse of Canada, there are numerous opportunities to do just that.

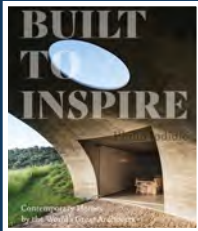

Whether it be a chalet in the ski fields, a boathouse on a fabulous lake, or even just a remote getaway in a secluded forest, Canada fields a wide range of options for places to unwind and spend time with family and friends, and to make the most of both the summer and winter seasons.

With a carefully curated selection of beautiful contemporary cottage and cabin designs, this compelling book provides an insight into the Canadian love affair with holiday homes.

This beautifully illustrated book celebrates the idea of the Canadian cottage and cabin, and includes a selection of stunning contemporary retreats, guaranteed to make you want to "head to the cottage" for a vacation.

Watercolor for the Soul

SIMPLE PAINTING PROJECTS FOR BEGINNERS, TO CALM, SOOTHE AND INSPIRE

Learn how to use watercolour to soothe your soul with this beginner's guide to painting for relaxation.

This fresh approach looks first at the process of painting as a means to de-stress and unwind. Many people love the idea of painting but hold themselves back from starting because they are worried about not being good enough or not feeling as though as are creative. In this guide for the absolute beginner, artist and teacher Sharone Stevens shows you that watercolour can be accessible to everyone and that just painting very simple lines, patterns and shapes in calming colours, concentrating on each brush stroke, can have a powerful meditative effect, while at the same time allowing you to create beautiful art you can be proud of. She also encourages you to connect more with the world around you, finding inspiration in your every-day life and discovering the beautiful textures found in nature, from tree trunks to fruit and butterflies!

BUILD-A-BUG

Mix and match heads, thoraxes, and abdomens to make 1,000 remarkable insects!

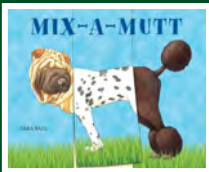

From the best-selling illustrator of Flip-a-Feather, Mix-a-Mutt, Flip-o-saurus, and Flip-o-storic comes another book with charming artwork and die-cut pages for flip-and-flop fun - this time with insects! Build-a-Bug lets you create wacky combinations of ten types of insects, including a curious beetle, a climbing caterpillar, and a buzzing honey bee.

This interactive book lets you flip and flop the heads, thoraxes, and abdomens of ten different insects to make 1,000 wacky combinations.

Each flap includes a fun fact about the pictured species, and inside the front cover is a chart showing the relative sizes of the insects featured, from the ant to the praying mantis.

Imagine This!

'I'm fed up!' Polly is bored. Find out what happens when Ginger and Beau take her out on a gallery adventure. Will she find exciting things to do? Will she use her imagination? And have fun?

Imagine This! explores paintings by Frederick McCubbin, one of Australia's best-loved artists, and suggests just some of the things that can be discovered by looking at pictures. This book features eight of his works, including some of his much-loved evocative bush scenes.

Frederick McCubbin is one of Australia's most loved artists. He had a gentle presence, like that of a poet and dreamer. He was short and stocky, with deep-set, expressive eyes. He was kindly, sincere, energetic, fun, warm and gregarious. He is famous for his images of pioneers (early settlers) and for his views of the Australian landscape.

TAPESTRY WEAVING

for beginners and beyond

Learn to weave your own stories and make personalised woven wall art with this guide to tapestry weaving.

A collection of wonderful woven hangings for you to build your tapestry weaving skills. Learn all the techniques you'll need to create your own woven tapestries with a unique, personalised element. Author, Kristin Carter, explains all the skills required to make heirloom woven wall art with a very personal theme and how to recreate images of people, pets and places to create your own 'paintings with thread'.

Learn all the basic techniques for tapestry weaving including a quick and easy way to make your own loom using an old photo frame, how to choose the right yarn, working with a template and how to start off a weave. Kristin then explores all the tapestry weaving techniques you will need to make your own stunning wall hangings. All of these techniques are accompanied by step-by-step photography so the instructions are super clear and suitable for absolute beginners.

Dressed to Swill

Runway-Ready Cocktails Inspired by Fashion Icons

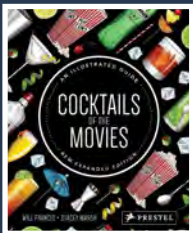

Go fashion forward with this brand new collection of easy-to-make cocktails that offers a dollop of sartorial history with every drink.

Dressed to Swill contains sixty original cocktail recipes inspired by style icons from the 20th century to today, including fashion designers, models, photographers, stylists, influencers, and more. Karl Lagerfeld's tippie is made for royalty: it's similar to a Kir Royale, but brings in the velvety flavours of raspberry and vanilla. The Kim Kardashian is sensuous, flavourful, and as subtly delicious as its subject. From Alexa Chung and André Leon Talley to Coco Chanel and RuPaul, there's a flavour to fit every mood, be it avant-garde, glamorous, rebellious, or little-black-dressy. Engaging biographies explore each person's contributions to the field of fashion, and the illustrations are sprinkled with fun details about their lives.

Perfect for birthdays, girls' nights in - as well as for Instagram - this book makes finding the right cocktail as exciting and surprising as shopping for a pair of shoes to complete your look.

TREAT YOURSELF HEALTHY

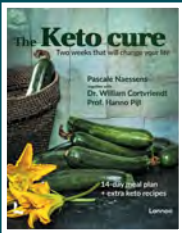

Award-winning author and nutritionist Bridget Foliaki-Davis' latest book shows you how to have your cake and eat it!

Because diet food sucks, this is not a diet book. This is a book, a roadmap, on how to live. It's filled with recipes on how to have optimum health, and still enjoy your food and treats while doing so.

There is no need to suffer your way through cardboard-tasting gluten-free breads, tasteless sugar-free biscuits or miss out on the food that you love. Foods we remember from our childhood, which make us feel good, such as pavlova, sticky puddings, chocolate chip cookies, apple pie and custard. You don't have to give up anything to get healthy; rather, you can relearn how to cook, so you can still enjoy these foods using ingredients that support and nurture your body.

Bridget is that rare author – not only does she know what you should be eating, but she also knows how to make it taste amazing. Treat Yourself Healthy shows how it's possible to eat well yet still enjoy all those healthy treats you can't give up!

FRENCH CHATEAU STYLE

Inside France's Most Exquisite Private Homes

The doors of centuries-old French chateaux are thrown wide open in this sumptuous photographic cross-country tour. Readers will gain entry to a stunning array of stylish private homes within beautiful historic buildings, - each one representing very different approaches to décor and preservation.

When she discovered that nearly half of France's 44,000 heritage sites were chateaux in various states of repair, Catherine Scotto embarked on a journey to find out who, exactly, lived in these medieval fortresses and, more importantly, what they were like on the inside. From Normandy to Provence and everywhere in between the owners of these chateaux - including decorators, antique dealers, artists, and collectors - represent the epitome of French culture and taste. Each chateau is presented in double-page full-colour spreads that feature alluring interiors and information about the hosts and their design journeys.

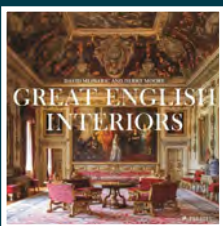

There's something for everyone here - whether it's homes where simplicity and minimalism reign, rooms as exuberantly busy as a 14th-century tapestry, or interiors transformed by surprising, era-bending feats.

Unravelling Us

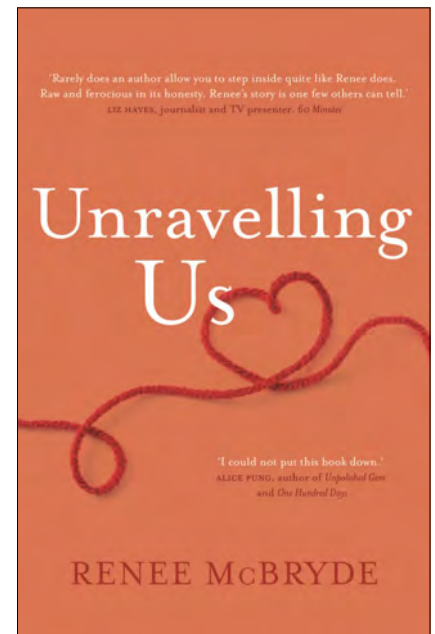

In 2017 Renee McBryde published her best-selling memoir in which she learned she was daughter of a convicted murderer, a secret she was made to keep by her mother, shrouding her childhood and early adulthood.

In *Unravelling Us*, Renee delves into the most important relationship in her life, her mother, who gave birth to Renee when she was barely sixteen and living on the streets. Renee hopes that by doing this she can heal the pain of her own turbulent childhood. But the pent-up misery seeps its way into Renee's life as her mum escapes into alcohol and the party life, unwittingly exposing Renee to a repeat of her own early life of neglect and abandonment.

As a grown woman and child protection worker in Alice Springs, Renee is confronted with different mothering styles on a daily basis, which only serves to strengthen her resolve to break the cycle of abandonment and neglect that she herself suffered. Renee ponders the question: is it her father's murders that she needs to run from? Or is it the parenting trauma that has been drowning her family generation after generation? And now that she is a mother herself, is it possible to stop that cycle affecting her own children?

Trying to reconcile her determination to forge her own path as a mother while being surrounded by echoes of her troubled past and obligations as a daughter to an increasingly fragile mother is almost impossible. And then the unthinkable happens...

Unravelling Us is a rare account that combines a gripping, page-turning story with an examination of what it means to be a 'good' mother against the backdrop of the one of the deepest and most chronic issues that affects Australia today, Indigenous child welfare.

GENERALS AND ADMIRALS OF THE THIRD REICH

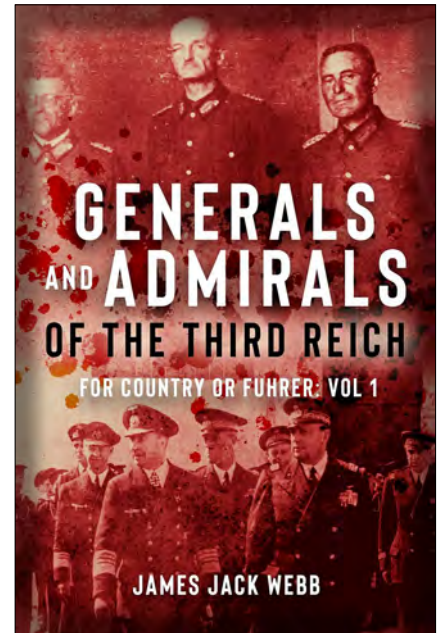

FOR COUNTRY OR FÜHRER: VOL 1

Reference work providing brief, scholarly biographical summaries for senior officers of the Third Reich, covering surnames A-G.

This first of a three-volume set offers concise biographical information for over five thousand generals and admirals of the Third Reich. It covers all branches of service, ordered alphabetically, and provides a brief, scholarly overview of each individual, including personal details and dates for all attachments to unit, and medals awarded, offering a readily accessible go-to reference work for all World War II researchers and historians.

In addition to the biographic information, each volume includes extensive appendices.

The books are packed with information on these senior officers of the Third Reich, many of whom are little documented in the English language.

LIFE & DEATH ON THE EASTERN FRONT

RARE COLOUR PHOTOGRAPHS FROM THE SECOND WORLD WAR

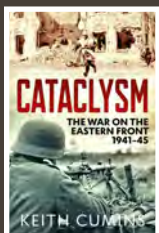

This incredible visual record of life and death along the Eastern Front features more than 250 images from the the PIXPAST Archive, a collection of more than 32,000 original colour photographs taken between 1936 and 1946.

Collated into three parts and organised thematically, the book begins with images of the ground war, including Hitler's invasion of the Soviet Union and the tanks, vehicles, weaponry and infantry on both sides. Moving into the war in the skies, the images depict aircraft in flight and on the ground, the bombers, fighters, Luftwaffe personnel and the destruction wrought from battle. And finally, the images take us behind the lines, to the prisoners of war, partisans, medics, the daily lives and leisure activities of soldiers and civilians along the front and the impact of the harsh Russian winter.

Accompanied by text by renowned author and commentator Anthony Tucker-Jones, these images offer a rare, often surprising insight into the realities of the Second World War and people caught up in it, in vivid colour detail.

Motörhead

Every Album, Every Song

Motörhead are arguably the greatest rock and roll band in history, but it took many years to win that accolade. This is the story of the band that refused to die. They started off as the Vengeful Bastard and they had a tough beginning. The band had to deal with wayward producers, hostile record companies, more than a couple of false starts and even the ignominy of being proclaimed the Worst Band in the World by the NME! Famed for their legendary loudness and their singular anthem, 'Ace Of Spades', Motörhead have not only proved inspirational but also, accidentally, created two sub-genres of heavy music: speed and thrash metal. Not bad for a band who announced themselves with: 'We are Motörhead, and we play rock and roll.' at their numerous live gigs. This book covers every studio album, band rarities and significant solo work from Lemmy. It is designed as a useful companion to the recorded output of a unique band. From the highly regarded trio of albums that ended the 1970s, through the line-up hardships and turmoil of the 1980s to the occasionally awkward musical experiments of the early 1990s, this book closes with the triumphant two-decade-long career revival of the band.

RECREATING TITANIC AND HER SISTERS

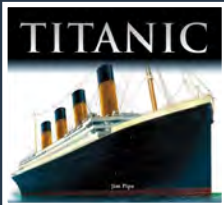

A VISUAL HISTORY

Bringing the world of Titanic and her sisters back to life as never before through the captivating original artwork of talented artists.

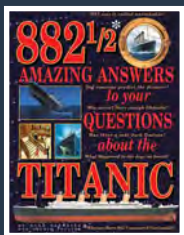

Immerse yourself in another era in this stunning new book from J. Kent Layton, Tad Fitch and Bill Wormstedt. Telling the story of Titanic and her sisters, this unique book uses paintings and visual recreations of a broad selection of up-and-coming artists, as well as featuring photos, art, and 3D graphics, to accompany its compelling narrative. From the cold, starry night when Titanic collided with her iceberg, to the tragic fates of sister ship Britannic, and the impressive serenity of the long-lived Olympic, this visually stunning book captures all the glory and drama of the Olympic-class age. Also revealing visual recreations of the wreck sites of Titanic and Britannic, and introducing the talented artists behind all the imagery, this is the perfect gift for maritime enthusiasts.

NOSTALGIC JOURNEYS

FROM THE ORIENT EXPRESS TO OCEAN LINERS

The seaside or the mountains? Today's most important vacation planning question never came up in days long past. Both seemed unappealing and nearly inaccessible. It wasn't until the invention of the railroad that previously sparsely visited and overlooked areas opened up, and Thomas Cook, the tour operator and founder of modern tourism, was born. Fishing villages became sophisticated seaside resorts, remote mountain areas became destinations for hiking and skiing enthusiasts, and inns became grand hotels.

Nostalgic Journeys takes you on a journey back in time, through the last two centuries: Ride the Orient Express to the East, cross the Atlantic on huge ocean liners, travel Route 66 through the United States, and break the sound barrier aboard the Concorde. As you browse through the pages of this book, you will get the idea that travelling was, and can be, more than just being stuck in a traffic jam or passing through numerous security checks. It can be a stylish and sometimes adventurous way to explore the world and return home feeling transformed by your many and varied experiences. Bon Voyage!

WUTHERING HEIGHTS

Wuthering Heights is a wild, passionate story of the intense and almost demonic love between Catherine Earnshaw and Heathcliff, a foundling adopted by Catherine's father. After Mr Earnshaw's death, Heathcliff is bullied and humiliated by Catherine's brother Hindley and wrongly believing that his love for Catherine is not reciprocated, leaves Wuthering Heights, only to return years later as a wealthy and polished man. He proceeds to exact a terrible revenge for his former miseries. The action of the story is chaotic and unremittingly violent, but the accomplished handling of a complex structure, the evocative descriptions of the lonely moorland setting and the poetic grandeur of vision combine to make this unique novel a masterpiece of English literature.

The intrigue surrounding Emily Brontë (1818-48), author of one of the most well-known and loved novels, still entices fans more than 150 years after the novel's publication. Emily only wrote one novel before her untimely death from tuberculosis at the age of 30, yet Wuthering Heights (1847) has secured her world-wide fame. Her compelling characters raise new questions on every re-read, and the darkly fatalistic mood of the novel makes it hard to forget.
